

Dear Parents / Carers

As I am sure you are all aware nationwide restrictions have been put on public gatherings following the outbreak of the Coronovirus in the UK.

These restrictions have now extended to religious gatherings which will impact the continuation of the First Holy Communion programme and indeed First Holy Communion Masses planned for June.

Regrettably, I have been advised that all future preparations, leading up to and including, First Holy Communion Masses in June are to be postponed until a return to normal social gatherings is in place.

The programme will resume at this point and new dates provided for the remainder of the sessions, Reconciliation, and First Holy Communion Masses.

These are indeed unusual times that call for unusual measures, but completely justifiable to ensure the safety of all.

May I wish you and your families continued safety and wellbeing as we work to overcome this situation together as a community.

You and your families will all remain in the prayers of the Catechists.

Please keep an eye on the Parish website for further updates.

God Bless

Alan Malone
